

## Pharmacy Data Management Drug Exception List

Patch PSS\*1\*127 updated the following drugs with the listed NCPDP Multiplier and NCPDP Dispense Unit. These two fields were added as part of this patch to the DRUG file (#50).

Please refer to the Release notes for ePharmacy/ECME Enhancements for Pharmacy Release Notes (BPS\_1\_5\_EPHARMACY\_RN\_0907.PDF) on the VistA Documentation Library (VDL).

The IEN column reflects the IEN for the VA PRODUCT file (#50.68). The ePharmacy Change Control Board provided the following list of drugs with the specified NCPDP Multiplier and NCPDP Dispense Unit values. This listing was used to update the DRUG file (#50) with a post install routine in the PSS\*1\*127 patch.
